Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Appeal Brief (AB) for this application filed on 12/13/04. After reviewing the AB and history of the prosecution, Examiner calls and proposes with the attorney of record (Ms. Indira Saladi) to authorize Examiner through examiner's amendment to add limitation of claim 5 into base claim 1 and limitation of claim 50 into base claim 49 and all the necessary steps to place the application in condition for allowance. In doing so would render the claimed invention novel and unobvious over the applied reference as well as existing prior art and to expedite the prosecution. An authorization was granted. The status of the claims will be reflected in the Examiner's amendment. An agreement was reached.
